The O'Grady Challenge Trophy

(since 1908)

2027–2028 Application Form

Attention: Club Secretaries, Club Executives, and Club Managers at all affiliated Manitoba curling clubs

Does your club want to challenge for the O'Grady Trophy? The O'Grady has been in competition for over 115 years (>1,600 matches since 1908), and each year travels to more than a dozen communities in Manitoba.

The O'Grady Challenge process is as follows:

- ✓ The Trustees prepare a schedule, giving priority according to the order in which challenge applications are received.
- ✓ The challenging club hosts one match, involving two teams on two sheets, and provides the ice and hospitality.
- ✓ The winning club contacts the next challenger on the schedule to arrange a match during the following week.

An exclusive O'Grady competitor's pin will be given to all eight (8) members of each challenging club, whether or not they win their match.

For a complete event history, highlights, rules, schedule, and match results, scan the QR code above or visit the O'Grady page under "Events" at www.curlmanitoba.org.
