Code of Ethics

Curlers, Coaches, Umpires

To ensure that all curlers are aware of their responsibilities when playing the game of curling the following Code of Ethics is an official supplement to the Rules of Curling.

Curlers' Code of Conduct

- I will play the game with a spirit of good sportsmanship.
- I will conduct myself in an honourable manner both on and off the ice.
- I will never knowingly break a rule, but if I do, I will divulge the breach.
- I will take no action that can be interpreted as an attempt to intimidate or demean my opponents, teammates, or umpires.
- I will interpret the rules in an impartial manner, always keeping in mind that the purpose of the rules is to ensure that the game is played in an orderly and fair manner.
- I will humbly accept any penalty that the governing body at any level of curling deems appropriate, if I am found in violation of the Code of Ethics or Rules of the Game.

Coaching Code of Ethics

- The coach will act with integrity in performing all duties owed to athletes, the sport, other members of the coaching profession and the public.
- The coach shall strive to be well prepared and current in order that all duties in their discipline are fulfilled with competence.
- The coach shall act in the best interest of the athlete's development as a whole person.
- The coach shall accept both the letter and the spirit of the rules that define and govern the sport.
- The coach shall accept the role of umpires in providing judgement to ensure that competitions are conducted fairly and in accordance with the established rules.
- The coach's conduct toward other coaches shall be characterized by courtesy, good faith and respect.
- The coach shall maintain the highest standards of personal conduct and support the principles of Fair Play.

Umpiring Code of Ethics

- The role of umpires in curling is different than in many other sports in that we are there to ensure a level playing field of the competition, rather than to control the play. Curling umpires give freely of their time and training for the love of the sport.
- In the name of all the competitors, the umpires promise that we shall take part in the games, respecting and abiding by the rules, which govern them, committing ourselves to a sport in the true spirit of sportsmanship, for the glory of the sport and the honour of the teams.
- Umpires strongly believe in teamwork to ensure championships run smoothly.
- Each time we finish a championship, we hope it is not our last. We like what we do, and we hope we do make a difference. Curling has been good to us and this is our way of giving back.

Fair Play

- Fair Play begins with the strict observance of the written rule; however, in most cases, Fair Play involves something more than even unfailing observance of the written rule. The observance of the spirit of the rules, whether written or unwritten, is important.
- Fair Play results from measuring up to one's own moral standards while engaged in competition.
- Fair Play is consistent demonstration of respect for teammates and opponents, whether they are winning or losing.
- Fair Play is consistent demonstration of respect for umpires, an acceptance of their decisions and a steadfast spirit of collaboration with them.
- Sportsmanlike behaviour should be demonstrated both on and off the ice. This includes modesty in victory and composure in defeat.

Refund Policy

Electronic Entry

- The deadline date for electronic entry is also the deadline for withdrawing from the competition.
- Until the deadline date a full refund will be issued but once the deadline passes NO refund will be issued.

CurlManitoba Programs

- Full refunds will be issued if CurlManitoba cancels a program.
- If a participant withdraws from any program five or more working days prior to the start date, a full refund less \$30.00 administration fee will be issued.
- Four days or less no refund will be issued without a valid medical certificate or in extenuating circumstances, which are at the discretion of CurlManitoba.

3 Points	The team for the most part followed the rules, the game was OK, your team enjoyed the competition, team needs to make a few small adjustments to their play.

5. Bad behaviour at the conclusion of the event (final game) will be penalized by the athlete being ejected from the first game of the next event that they are competing in at the same level of play.
6. An appeal process is outlined by CurlManitoba at:
www.curlmanitoba.org/aboutus/leadership-governance.

Game Expulsion

All athletes at any CurlManitoba Event must show respect for the game of curling.

Inappropriate behaviour of any kind will not be tolerated during a CurlManitoba officiated event.

BEHAVIOURAL ISSUES ARE AT THE DISCRETION OF THE UMPIRE

MEDIA

CurlManitoba is fortunate to have great support from media across the province. Every player is asked to do their part in maintaining that support by cooperating with media when requested. The presence of photographers and cameramen is a fact during a CurlManitoba Championship. While it may seem courteous to you to stop your movement while they take their picture, it is not your responsibility to do so. Your job is to be in position to sweep or make your next shot. If you must move in front of their camera to do so, do not be concerned about it.

Social Media Guidelines for Athletes and Coaches

Definitions

The following term has this meaning in these Guidelines:

“*Social media*” – The catch-all term that is applied broadly to new computer-mediated communication media such as blogs, YouTube, Facebook, and Twitter

Purpose

1. These Guidelines provide athletes and coaches with tips and suggestions for social media use. Athletes and coaches are strongly encouraged to develop their own strategy for social media use (either written down or not) and ensure that their strategy for social media use is acceptable pursuant to CurlManitoba’s *Code of Conduct, Behavioural and Discipline Policies*.
2. Given the nature of social media as a continually developing communication sphere, CurlManitoba trusts its athletes and coaches to use their best judgment when interacting with social media. These Guidelines are not hard and fast rules or behavioural laws; but rather ideas that will inform athletes’ and coaches’ best judgment.

Social Media Guidelines for Athletes

The following tips should be used by athletes to form their own strategy for social media use:

1. Set your privacy settings to restrict who can search for you and what private information other people can see.
2. Coaches, teammates, officials, or opposing competitors may all add you to Facebook or follow you on Twitter. You are not required to follow anyone or be Facebook friends with anyone.
3. If you feel harassed by someone in a social medium, report it to your coach, Umpire, or to CurlManitoba.
4. Do not feel pressure to join a fan page on Facebook or follow a Twitter feed.
5. Content posted on Twitter and Facebook, relative to your privacy settings, is considered public. In most cases, you do not have a reasonable expectation of privacy for any material that you post.
6. Avoid posting pictures of, or alluding to, participation in illegal activity such as: speeding, physical assault, harassment, drinking alcohol (if underage), and illicit drugs.
7. Model appropriate behaviour in social media befitting your status as a) an elite athlete, and b) a member of your club and of CurlManitoba. As a Member of CurlManitoba, you have agreed to CurlManitoba’s *Code of Conduct, Behavioural and Discipline Policies* and most follow that Code when you post material and interact with other people through social media.
8. Be aware that your public Facebook page or Twitter feed may be monitored by your club, coach, or by CurlManitoba and content or behaviour demonstrated in social media may be subject to sanction under CurlManitoba’s *Code of Conduct, Behavioural and Discipline Policies*.

Social Media Guidelines for Coaches

The following tips should be used by coaches to form their own strategy for social media use:

1. Choosing not to engage with social media is an acceptable social media strategy. But you must have good reasons for your choice and be active in other communication media.
2. Despite what Facebook says, you are not actually “friends” with athletes. Resist commenting on athletes’ personal activities, status updates, or tweets on Twitter.
3. Consider monitoring or being generally aware of athletes’ public social media behaviour to ensure compliance with CurlManitoba’s *Code of Conduct, Behavioural and Discipline Policies*.
4. Coaches may not demand access to an athlete’s private posts on Twitter or Facebook.
5. Do not “friend” athletes on Facebook unless they request the connection. Never pressure athletes to “friend” you.
6. If you accept some “friend” requests, or follow one athlete on Twitter, you should accept all friend requests and follow all the athletes. Be careful not to show favouritism on social media.
7. Consider managing your social media so that athletes do not have the option to follow you on Twitter or “friend” you on Facebook.
8. Seek permission from athletes before posting pictures or videos of the athletes on publicly available social media like a blog or on YouTube.
9. Do not use social media to ‘trap’ athletes if they say one thing to you in person but their social media activity reveals they were doing something different.
10. Keep selection decisions and other official team business off social media.
11. Never require athletes to join Facebook, join a Facebook group, subscribe to a Twitter feed, or join a Facebook fan page about your team or organization.
12. If you create a fan page on Facebook for your team or athlete, do not make this social media site the exclusive location for important information. Duplicate important information in more official channels (like on a website or via email).
13. Ensure that parents are aware that some coach-athlete interactions may take place on Facebook.
14. Exercise appropriate discretion when using social media for your own personal communications (with friends, colleagues, and other athletes) with the knowledge that your behaviour may be used as a model by your athletes.
15. Avoid association with Facebook groups or Twitter feeds with explicit sexual contact or viewpoints that might offend or compromise the coach-athlete relationship.
16. Never misrepresent yourself by using a fake name or fake profile.
17. Be aware that you may acquire information about an athlete that imposes an obligation of disclosure on your part (such as seeing pictures of underage athletes drinking during a trip).
18. Attempt to make communication with athletes in social media as one-sided as possible. Be available for athletes if they initiate contact via social media – athletes may wish to have this easy and quick access to you – but avoid imposing yourself into an athlete’s personal social media space unless explicitly requested to do so.

Provincial Procedures for Last Stone Draw (LSD)

Common rules for all Categories:

1. The team with first practice will **always** deliver the clockwise rotation while the team with second practice will **always** deliver the counter-clockwise rotation.
2. Only the four 'game' players are allowed on the ice surface for the Last Stone Draw in regular 4 person play. Full sweeping is allowed, however, one of the four players must hold the target broom. The sweeping line-up should be as it would be during the actual game.
3. A stone not delivered within the time allotted by the Umpire will be assigned a distance of 185.40 cm (the stone must reach the near T-line before the one minute time expires). A total of 199.6 is used with the app.
4. Stones moved by the delivery team before being measured will be assigned the distance of the next defined circle away from the button.
 - On or touching the button = 15.24 cm (when a one foot button)
 - In or touching the four foot = 60.96 cm
 - In or touching the eight foot = 121.92 cm
 - In or touching the twelve foot = 182.88 cm

NOTE: At an arena event where triangulation is in place the measurements will be completed as per Curling Canada Rules as the maximum distances are different.
5. If a member of the non-delivering team or an external force moves a stationary stone or causes it to be moved before the Umpire completes the measurement, the stone is replaced to its original position by the delivering team.
6. The third from both teams shall confirm the distance measured with the Umpire.
7. At the conclusion of the round robin, the single highest recorded distance will be discarded to establish the final accumulated distance.

Event Specific Rules for the following Categories:

Juniors, Scotties, Viterra, 4 Person Mixed, Wheelchair Championships

1. Both teams will name the player delivering the stone before the first team's practice.
2. After each team's pre-game practice, the named player will deliver one stone to the button, which will be measured. If the distance is 0.00 cm or out of the rings, a different player from the team will deliver a stone, which will be measured.
3. If the team with second practice then registers the same first stone distance as the team with first practice, a second player from the team with second practice will deliver a stone, which will be measured.
4. If the distances are still tied, the teams will alternate delivering one stone with their designated rotation until the tie is broken. Any player on the team can deliver the third and any subsequent stone including the players who delivered the first two stones.
5. Each player must deliver a minimum of one stone during the round robin.

Exception: Viterra, 4 Person Mixed
6. Only the first stone delivered will be registered for the accumulated distance.

U18, Seniors, Masters

1. Both teams will name two different players delivering the stones before start of the first practice.
2. After pre-game practice, the two different players will each deliver one stone, with their designated rotation to the button; both stones will be measured and totaled.

3. If the second team registers the same two stone distance as the team with first practice, the teams will alternate delivering one stone with their designated rotation until the tie is broken. Any player on the team can deliver the third and any subsequent stones including the players who delivered the first two stones.
4. Each player must deliver a minimum of two stones during the round robin.
Exception: U18 teams must each deliver a minimum of one stone during the round robin.
5. Only the combined distance of the first two stones delivered will be registered for the accumulated distance.

NOTE: For 4 Person Mixed games, there are no requirements that players of both genders deliver stones. Any player on the team for any game can deliver the LSD stone. However, the sweeping line-up should be as it would be during the actual game.
Opposite gender must hold the broom.

Mixed Doubles:

1. After each team's pre-game practice, one player will deliver a stone to the button: clockwise rotation for first practice and counter-clockwise rotation for second practice.
2. Full sweeping is allowed.

Umpires will assume that any team that wins the LSD will want last stone; if not they must inform the Umpire prior to the practice.

PROVINCIAL CHAMPIONSHIP TIE-BREAKERS AND PLAYOFFS

Round Robin Tie-breaker

- 1) Should two or more teams be tied for a playoff position, the team ranking and the structure of tie-breaker games shall be determined according to the LSD Ranking. When three draws are required to complete the tie-breaking scenario, games will be 8 ends in 10 end championships and 6 ends in 8 end championships.
- 2) All tie-breaker games will toss a coin for choice of practice or colour and a last stone draw will determine the last stone.

NOTE: When teams are tied for a playoff position, the round-robin win/loss record head-to-head shall be used to determine their ranking.

IF tied teams cannot be established by this single comparison, a second comparison for ranking shall be made utilizing the last stone draw cumulative totals.

Page Playoff

- 1) Immediately following the final qualifying draw a meeting will occur with the Head Umpire and the skips from the four playoff teams.
- 2) The top team in each pool will advance to the 1 vs 1 game. The next 2 teams with the best win/loss record will advance to the 3 vs 4 game. The playoff round shall be either a page playoff or a single knock-out playoff as specified in the rules of the competition. Exception: Viterra Championship
- 3) The 1 vs 1 game and the 3 vs 4 games will be played at the same time unless designated prior to the event.
- 4) The winner of the 1 vs 1 game will advance to the final and the loser competing in the semi-final.
- 5) The winner of the 3 vs 4 will advance to the semi-final.
- 6) The winner of the 1 vs 1 game must declare stone colour a minimum of one hour prior to the pre-game practice.
- 7) Once a team makes their colour selection and declares it to the Umpire the choice cannot be altered.
- 8) The winner of the 1 vs. 1 game may practice for 30 minutes at a time assigned by the Umpire. The choices are:
 - The night prior immediately following the playoff game (approximately 11pm).
 - OR
 - The morning of the championship prior to the semi-final game (7:30am).

National Championships

- 1) All teams at a Provincial Championship are competing for the Provincial Title. The winning team shall be eligible to represent Manitoba at the Curling Canada Championship. However, CurlManitoba reserves the right to select the team to represent Manitoba at the National Championship.

Rules for MIXED DOUBLES

1. A team is composed of two players, one male, and one female. Alternate players are not allowed. A team must forfeit any game(s) in which it fails to have both athletes playing for the entire game.
2. The scoring shall be the same as in a regular game of curling. The "positioned" stones that are placed before the beginning of each end are eligible to be counted in the scoring.
3. Each team shall deliver five stones per end. The player delivering his/her team's first stone of the end must also deliver his/her team's last stone of that end. The other team member shall deliver the team's second, third and fourth stones for that end. The player delivering the first stone can change from end to end.
4. Modified Free Guard Zone: no stone in play, including the "positioned" stones and those in the house, can be removed to an out-of-play position prior to the delivery of the fourth stone of an end (the fourth delivered stone is the first stone that can remove a stone from play). If there is a violation without exception, the delivered stone shall be removed from play, and any displaced stone(s) shall be replaced to their original position by the non-offending team.
5. Before the start of every end (except when the Power Play option is chosen), one team shall place their team's "positioned" stone at the playing end of the sheet in one of two positions, designated A or B. The opponent's "positioned" stone shall then be placed in whichever position (A or B) remains vacant.
 - A— Placement of the stone is placed so that the stone is bisecting the centre line and the back edge of the stone is aligned with the back edge of the 4-foot circle.
 - B -- Placement so that the stone is bisecting the centre line and is immediately in front or immediately behind one of the three points in the ice. Teams which mutually agree on the location. Rock placement points are placed on the centre line.

THE POWER PLAY

6. Once per game, each team with last stone, has the option to place the stones in a "power play" position. The in-house stone of the team with last stone in that end is placed with the back edge of the stone on the tee line, splitting the 8 foot and the 12 foot circle.

The guard is positioned from the centre-line to a direct line between the middle of the in-house stone and the middle of the delivering hack. The in-house stone will be directly behind the guard. The team calling the power play can decide which side of the house they would like the stones placed. A "power play" cannot be called in an extra end.

7. The team having the decision on the placement of the "positioned" stone shall be:
- Team with the best draw shot distance from the pre-game practice will have the choice in the first end.
 - Following the first end, the team that did not score shall have the decision on the placement.
8. If neither team scores in an end, the team that delivered the first stone in that end shall have the decision of placement in the next end.
- The team whose "positioned" stone is placed in Position B in both diagrams shall deliver the first stone in that end.

9. If a player delivers a stone out of proper rotation, the delivered stone is removed and any displaced stones are returned to their original positions by the non-offending team. Should the infraction not be discovered until after the delivery of the subsequent stone, play continues as if the infraction had not occurred.
10. Each game will consist of eight ends. If at the completion of the eight ends the score is tied, play shall continue for the extra ends required to determine the winning team.
11. Prior to the start of every game in the competition, each team shall be allowed a 5 minute pre-game practice on the sheet on which they will be playing.
12. There will be a coin toss for practice and a one stone last stone draw at the end of the 5 minute pre-game practice to determine choice of placement or last stone.
