CurlManitoba Update:

Curling Canada has announced more cancellations for the 2021 season because of the global COVID-19 pandemic.

The Canadian U18 Championships, New Holland Canadian Junior Championships, Canadian Wheelchair Championships, the inaugural Canadian U15 Rockfest and the U Sports/Canadian Collegiate Athletic Association Championships have been cancelled and will not be rescheduled for later in the season.

Curling Canada has also cancelled the Continental Cup, which is the event that has curlers from North America compete against the rest of the world.

Despite the cancellations by Curling Canada at the national level, CurlManitoba continues to plan safe and healthy 2021 Provincial Events in all categories. All events will continue with the standard qualifying process. Having said this, CurlManitoba understands there will continue to be COVID-19 related factors that could lead to the cancellation of any or all of our Provincial events. CurlManitoba will endeavour to keep athletes and fans updated as plans evolve.

CurlManitoba is working with our host clubs and our sport partners to ensure that our events can go ahead with athlete, coach, parent and volunteer safety at the forefront.

National events scheduled for the fall of 2021 remain unchanged. These include the 2021 Canadian Mixed Championships, 2021 Canadian Club Championships and the 2021 Canadian Senior Championships. CurlManitoba is looking to defer Senior Provincials until later in the season. Dates will be announced soon.
