

CURLMANITOBA 2020/21 CURLING SEASON ANNOUCEMENT

After careful consideration, CurlManitoba has made the difficult decision to cancel the remaining sanctioned competitions for the 2020-2021 curling season. A large part of this decision was a result of the uncertainty in the current pandemic environment.

This decision was not made lightly, but the safety as well as the collective interests of our community are the priority. The organization is committed to continue to work on behalf of the sport so that the curling community will be stronger in the future.

The process for naming CurlManitoba representatives at the 2021 National Championships in the fall (Mixed, Seniors and Curling Club) will be announced at a later date.

Please note the 2021 National Masters is cancelled and the 2021/22 season will start as a normal season for that competition category with a 2022 Nationals in April 2022.
