Code of Ethics

Curlers, Coaches, Umpires

To ensure that all curlers are aware of their responsibilities when playing the game of curling the following Code of Ethics is an official supplement to the Rules of Curling.

Curlers' Code of Conduct

- I will play the game with a spirit of good sportsmanship.
- I will conduct myself in an honourable manner both on and off the ice.
- I will never knowingly break a rule, but if I do, I will divulge the breach.
- I will take no action that can be interpreted as an attempt to intimidate or demean my opponents, teammates, or umpires.
- I will interpret the rules in an impartial manner, always keeping in mind that the purpose of the rules is to ensure that the game is played in an orderly and fair manner.
- I will humbly accept any penalty that the governing body at any level of curling deems appropriate, if I am found in violation of the Code of Ethics or Rules of the Game.

Coaching Code of Ethics

- The coach will act with integrity in performing all duties owed to athletes, the sport, other members of the coaching profession and the public.
- The coach shall strive to be well prepared and current in order that all duties in their discipline are fulfilled with competence.
- The coach shall act in the best interest of the athlete's development as a whole person.
- The coach shall accept both the letter and the spirit of the rules that define and govern the sport.
- The coach shall accept the role of umpires in providing judgement to ensure that competitions are conducted fairly and in accordance with the established rules.
- The coach's conduct toward other coaches shall be characterized by courtesy, good faith and respect.
- The coach shall maintain the highest standards of personal conduct and support the principles of Fair Play.

Umpiring Code of Ethics

- The role of umpires in curling is different than in many other sports in that we are there to ensure a level playing field of the competition, rather than to control the play. Curling umpires give freely of their time and training for the love of the sport.
- In the name of all the competitors, the umpires promise that we shall take part in the games, respecting and abiding by the rules, which govern them, committing ourselves to a sport in the true spirit of sportsmanship, for the glory of the sport and the honour of the teams.
- Umpires strongly believe in teamwork to ensure championships run smoothly.
- Each time we finish a championship, we hope it is not our last. We like what we do, and we hope we do make a difference. Curling has been good to us and this is our way of giving back.

Fair Play

- Fair Play begins with the strict observance of the written rule; however, in most cases, Fair Play involves something more than even unfailing observance of the written rule. The observance of the spirit of the rules, whether written or unwritten, is important.
- Fair Play results from measuring up to one's own moral standards while engaged in competition.
- Fair Play is consistent demonstration of respect for teammates and opponents, whether they are winning or losing.
- Fair Play is consistent demonstration of respect for umpires, an acceptance of their decisions and a steadfast spirit of collaboration with them.
- Sportsmanlike behaviour should be demonstrated both on and off the ice. This includes modesty in victory and composure in defeat.

CURLMANITOBA JURISDICTION

CurlManitoba shall govern all competitions leading to and including Provincial Championships.

In all matters, the decision of CurlManitoba shall be final.

CurlManitoba is the rule and policy decision forum for Provincial Championships and Provincial Qualifying events.

CurlManitoba General Rules of Play

CurlManitoba reserves the right to alter any CurlManitoba draw

1. At the scheduled time for games to begin, the CurlManitoba Representative shall ring a bell to signify the start of the game. If a team is unable to commence play at the designated time, it shall be assessed the following penalty:

If the delay of the start of play is 1-15 minutes, then the non-offending team receives one point after one minute and will have last stone in the first end of actual play. One end is considered complete.

If the delay of the start of play is 16-30 minutes, then the non-offending team receives one additional point after 16 minutes and will have last stone in the first end of actual play. Two ends will be considered completed.

If play has not started after 30 minutes, then the non-offending team is declared the winner by forfeit with a score of 2-0.

At that time, the non-offending team may access the ice for practice.

2. Junior World Qualifier 2022 games will be 10 ends.

All Strathcona Senior Men's Championship, CurlManitoba Senior Women's Championship, Chicken Chef Mixed Championship and Nature's Bounty Curling Club Championship games will be 8 ends.

3. The bell indicates that the end in progress shall be completed and one more shall be played.

10 End games:

A bell will ring at 2 hours and 15 minutes, which indicates to finish the end and play one more. A second bell will ring at 2 hours and 35 minutes, which indicates to finish the end and the game, is deemed complete.

8 End games:

A bell will ring at 1 hour and 50 minutes, which indicates to finish the end and play one more. A second bell will ring at 2 hours and 10 minutes, which indicates to finish the end and the game is deemed complete.

4. Unless specified, a game may be conceded at any time by the losing team:
No points will be counted for an incomplete end when both teams still have stones to be delivered.
No points are awarded when one team has delivered all their stones and have stones counting.
If one team has delivered all their stones and the other team has a stone remaining and is counting, points will be awarded accordingly.

NOTE: An end is considered complete and the next end is in progress when the final stone of the end has reached the delivery end t-line.

5. A team may start any game with three players except in 4 person Mixed competitions.
6. A player who has left a game because of illness, accident or other extenuating circumstances may rejoin their team.

7. A player may enter a game between ends or during an end already in progress, **providing** they are able to deliver a stone (of the player who is leaving) within the team's established delivery rotation.
The alternate player replaces the sidelined player for the end they leave. At the beginning of the next end, the alternate player may deliver stones in any position of the delivery rotation of their team. The team **must** re-declare their delivery rotation including the skip and vice-skip.
Otherwise, no change in position played shall be made once the game has commenced.
8. Teams must play with the stones provided and the colour chosen on the sheet assigned. Under no circumstances can stones be moved from one sheet to another.
9. In the event of any disagreement between skips, the Event Representative shall be consulted. The Event Representative shall call the On Call Umpire if they cannot make a decision.
10. In the event of a tie, the game is to proceed until a point is scored to decide the winner. Play will continue in the normal end rotation.
11. Should any emergency arise during the time of a CurlManitoba event, CurlManitoba may change the CurlManitoba General Bonspiel Rules.

CurlManitoba will follow all Curling Canada rules unless indicated in the Competitors Guide
